

Smoke-free Air Laws in Indiana

To date, Forty-one (41) municipalities in the State of Indiana have passed some local smoke-free air law. Nineteen communities (plus the Indianapolis International Airport) have implemented 100% comprehensive smoke-free workplace laws that cover most if not all workers in the community (highlighted in blue). An additional seventeen laws are effective public health policy and follow the guidelines outlined by the U.S. Surgeon General for eliminating exposure to secondhand smoke from the indoor places that the respective ordinances cover. Five Indiana communities have passed policies that do not follow the recommended guidelines outlined by the Surgeon General for protecting citizens from exposure to secondhand smoke.

Indiana residents covered by a smoke free air law		6,483,802 = 100%	House Enrolled Act 1149, effective 07/01/2012, covers nearly all public places in Indiana. The effective local ordinances above and the statewide smoke-free air law meet SGR guidelines and eliminate secondhand smoke in most workplaces.								
Indiana residents covered by a comprehensive smoke free air law		1,925,973 of 6,483,802 = 29.7%	These local ordinances cover the majority of workplaces, including bars, and ensure that all workers and patrons are protected from the harmful health effects of secondhand smoke exposure.								

*Does not meet the SGR guidelines. These communities were not included in the population estimate -- % of IN residents protected by a smoke free law.
**The Monroe County ordinance was amended in March 2009 to prohibit smoking in vehicles with children (13 yrs of age or younger) present.
